

Recommendation:

As an avid golfer, I discovered at an early age that golf would help me excel in all aspects of life. I saw there was an intense need for African-American children to be exposed to the game and learn how to golf properly.

In 1991, I started the Orlando Minority Youth Golf Association (OMYGA) with the mission of acquainting urban minority youth to playing golf to enhance their self-esteem and build character. Our organization was started in Parramore. Today, we have grown to attract minority students from surrounding communities in Orlando and throughout the state.

Arthur Lee of Lee Wesley Restaurants was one of our first board members. Since our inception, Mr. Lee has without fail, continued to be a strong supporter of the Orlando Minority Youth Golf Association. His beliefs and values are congruent with what we instill in our youth through the quest of golf. They include self-awareness, self-direction, dedication and integrity.

Mr. Lee's support of our organization has come in every way possible. He has contributed financially by sponsoring children to play in the annual after school All Stars Golf Classic and the Orlando Minority Junior Golf Championships held at Disney each year. He has assisted our organization in receiving grant money from other businesses. He has organized many of our golf fundraisers and tournaments. During the last 18 years, more than 1000 kids from the community and around the state have benefited from his support, generosity and commitment.

Mr. Lee's commitment to the OMYGA is an example of how Orlando businesses consistently giving back their time and talent to our community will make a difference with our children, and develop powerful leaders through athletic excellence.

Sincerely,

T.J. Dorsey, D.D.S., P.A.  
Founder & Executive Director  
OMYGA
